EDUCATION

University Of Birmingham Dubai Bsc. Artificial Intelligence & Computer Science
IELTS 8.5/9 Band - C2 CEFR Level

2025 - 2028
06/2024

PROJECTS

Jern **Product Designer & Front-End Developer**

05/2025 - 06/2026

- Designed the UI/UX of a multi-sensory language learning web application, translating Figma prototypes into a production-ready Next.js environment, & managing the logic flow along with utilizing AI-assisted workflows to bridge the gap between initial designs & front-end deployment.

Masar **Lead UI/UX Designer**

02/2026

- Designed & prototyped for a mobile agentic AI traffic orchestration system, structuring live maps, dynamic pickup slots, real-time bus tracking, & gamified civilian rerouting using a rewards system.

Can We Just Talk **Product Designer & UI/UX Developer**

02/2026

- Architected a Progressive Web App (PWA) based on custom Figma designs & wireframes, delivering a highly interactive, card-based social experience, along with the front-end using Next.js & wrote +500 questions in a local JSON, ensuring zero-latency & offline accessibility.

EXPERIENCE

Murtabit **UI/UX Designer**

07/2026 - Present

- Designed B-side/C-side interfaces for a SoftPOS platform, integrating NFC checkout, QuickBooks inventory, AI-driven CRM forecasting, & gamified employee leaderboards.
- Prototyped a UI overhaul featuring a dual-state POS/calculator interface, optimizing the spatial layout to introduce rapid numeric entry, native bill splitting, & QR scanner integrations.

Google Developer's Group On Campus **President & Lead Organizer**

06/2026 - Present

- Direct all organizational strategy, recruitment, & technical event planning for the chapter.
- Lead the creative direction for all assets, driving community engagement across campus.

AIIESEC in UAE **Marketing Local Vice President**

05/2026 - Present

- Trained & Hosted multiple Workshops on Graphic Design, Branding, & Marketing
- Led & Created a scalable brand identity & design system for seamless handoff to future teams.

Susty **Application Content Developer**

05/2025 - 06/2026

- Developed over +70 interactive sustainability based experiences made up of quizzes, stories, & gamified steps to increase new users by 53% and engagement by +48%.
- Collaborated with over +40 local brands, partners, and universities to shape content that aligned with campaigns, seasonal events, & community needs.

University Of Birmingham Dubai SA **Lead Graphic Designer**

11/2025 - 06/2026

- Designed the branding/posters for all events held by the university & co-managed social media.

Bread (Antler Startup) **UI/UX Designer**

03/2024 - 11/2024

- Designed a mobile financial literacy application, integrating gamified learning paths & interactive progress tracking to drive consumer engagement & retention.
- Prototyped high-fidelity fintech dashboards in Figma, translating complex transaction data & budget analytics into accessible, user-centric interfaces.

Alyx Society **Media & Marketing Co-Head**

04/2023 - 11/2024

- Brand design & content creation for social media, leading to 121,000+ views (783% increase), 450+ applications & 40,000 AED in sponsorship funding by University of Birmingham.
